

Music Together®

DEMO CLASS

Monday June 10th, 10:30-11:15am

Join us for an engaging Early Childhood music and movement class, where babies, toddlers, children and their grown-ups participate and experience various genres of music, explore musical instruments and interact together while moving and grooving to different rhythms and beats. Parents and caregivers support different areas of their child's development and share in the music-making!

Presented in collaboration with [Upper Valley Music Center](#)
