Who we serve:

The Outreach Programs serve young people ages 18 through 24 who are at-risk of experiencing or are experiencing housing instability or literal homelessness.

Our Outreach Programs are the first point of contact for young people to become connected with Waypoint. Outreach teams help young people get their basic needs met and can help them connect with other supportive services and housing programs.

Our support is confidential, non-judgmental, and free. Our Outreach Staff meet young people where they are at with what they are ready for!

The Manchester Outreach Program serves young people in Manchester.
