

P.A.C.T

Parents of Autistic Children Together: A Peer Support Group and Playgroup

This is a space for parents of autistic children or children suspected to be autistic ages 0-5. Each event will start with playgroup for parents to freely mingle and connect. Halfway through the adults will switch to a learning session and children will remain in playgroup supervised by our providers. Parents must register to attend, and it first come first serve. Registration is essential to ensure we have enough staff for the playgroup.

All GROUPS WILL BE HELD FROM 3:30-5:00 PM
